

F1 SIDE

The compact design of the F1 SIDE delivery dental treatment system features a unique side mounted delivery unit to replace the traditional over the patient arm assembly. Outstanding ergonomics, combined with maximum performance and reliability, the F1 SIDE delivery series of dental units are available in both "traditional" hanging hose and "continental" Whip Arm style delivery styles. The F1 series of dental units offer unparalleled quality and affordability and include 5-10 years Finet Manufactured Parts Tranquility Guarantee.
