

F1 Classic

Behind the attractive design of the F1-CS Classic Dental Chair, are years of development work and advanced technical solutions. Modern composite materials in major parts and the latest microprocessor devices are used.

Features include 8 (2x4) automatic programs, multi adjustable headrest, adjustable backrest, joystick foot control operation, twin armrests, self diagnosis and 24 volt safety operation. Best of all, the F1 Classic Dental Chair is one of the most competitively priced dental equipment products in the Australian market with an outstanding 16 year Australian performance **“track record”**.
